School Information

Westmead Christian Grammar School is located on the corner of Great Western Highway and Bridge Road Westmead, only minutes from Westmead Hospital and Parramatta CBD and walking distance from Westmead Station.

School Profile

Westmead Christian Grammar School is a Christian Primary school, which has been in operation since 1983. Westmead Christian Grammar School is a caring school proud of its tradition of promoting academic excellence and Christian principles. The school is fully registered and accredited based on syllabus documents provided by the NSW Educational Standards Authority. The school has a small family atmosphere across all areas of the school community.

Quality academic programs addressing the six Key Learning Areas are enriched by the provision of a wide variety of educational experiences designed to enhance well-rounded student growth and development so that all can achieve full potential. Opportunities are also available for students to enjoy a range of extra-curricular activities.

Student welfare is a major concern of the school with emphasis on developing self-discipline, self-esteem, and Christian principles such as reverence, acceptance, dignity, faith, peace, respect, care, commitment, kindness, truth, loyalty and contentment.

Our Mission is to provide education for each child through a Christ-centred curriculum. Every member of staff is committed to seeing your child become all that they can academically, socially, physically and spiritually.

Our school has an enrolment policy that states that we accept children whose parents accept our Statement of Beliefs, which is written in the school's application form, and want their children to be taught according to the beliefs and values. A condition of enrolment is that students participate in all school activities appropriate to their age and abilities.

If you would like to find out more about our school, do not hesitate to phone the school to arrange a visit or ask for an enrolment form to be sent to you.

Enrolment Information

Enrolment Procedure

Once an application form has been completed and returned to the school, our Deputy Principal will interview all new families. Upon acceptance, families are contacted by email and given the opportunity to accept the placement offered. Payment of an enrolment fee is required to secure the place. Appointments can be arranged through contacting the school office (Phone 02 9689 1138).

Interviews

Normally the interview will take 30 minutes and parents must come with the prospective student(s). You may receive a school tour on completion of the interview. The purpose of the interview is for the school to get to know the family and give us the opportunity to understand the particular needs of the applicant.

Kindergarten Enrolments

Children who turn five years of age prior to 31st July may be enrolled at the beginning of that school year. Documentary evidence of date of birth, citizenship status or visas and an immunisation certificate are required.

OSHC

Out of School Hours Care

Before and After School are available onsite from 7:15am-8:30am and from 3:20pm – 6pm. Students signed into Before and After School Care participate in a range of activities. Further information about Before and After School Care can be collected from the office.

Curriculum and Policies

ACARA is currently in the process of the development of the New Australian Curriculum. There are NSW versions of the syllabus documents, which have been created. The New South Wales Educational Standards Authority (NESA) is responsible for developing the syllabus documents, which contain the curriculum all schools in NSW must cover.

These mandatory documents have implications for schools. Each school must translate the documents into teaching and learning programs. At Westmead Christian Grammar School, the school staff develops and evaluates school policies that state expectation and provide guidelines for the operation of the school, which complement the New Australian Curriculum (NSW version) and the NESA syllabus documents and other policies set out by the Department of Education.

Primary subjects are organized into six Key Learning Areas:

1. English
2. Mathematics
3. Human Society and its Environment
4. Science and Technology
5. Creative Arts
6. Personal Development/Health/Physical Education

Other Curriculum Areas and Policies

Library

The School Library is an active and vital part of the school. It is not merely for the storage of books, audiovisual hardware and software and other resources, but it is a centre of learning. All students have access to the Library for borrowing and research.

Support for Students with Additional Learning Needs

All teachers at Westmead Christian Grammar School are committed to creating suitable programs for all students including those with additional learning needs. Individual Learning Programs are designed in all areas based on a student's individual needs.

English as an Additional Language

At Westmead Christian Grammar School, all of our teachers are trained in catering for students from non-English speaking backgrounds. Suitable programs are developed for each student to assist in intensive language acquisition.

Chapel

Chapel (assembly) is held weekly. Parents/guardians are encouraged to come along. In this time, weekly class awards are issued to students who have performed well throughout the week. Students perform from time to time during Chapel.

Technology

Computers and other forms of technology are an important component in our education programs. Our goal is for all students to be aware of the application of computers and other technology for individuals and society. The school utilises a range of technologies to assist students with gaining practical experience. This includes learning basic coding and word processing.

Music

Music is a vital part of Westmead Christian Grammar School. Each year the students work hard to prepare and perform a whole school musical. The School Choir represents the school throughout the year at different events.

Homework

Homework is given to assist in the development of good study skills and habits. Homework is given to complete or revise class work, to encourage research and to extend the capabilities of the students. The amount of homework given and the time required to complete this work increases gradually with each school year. A guide is provided below:

Primary

Kindergarten: 5-10 minutes (per week)

Years One to Two: 20 minutes (per week) – including 10 minutes reading per night

Years Three to Four: 30 minutes (per week) – including 10 minutes reading per night

Years Five to Six: 40 minutes (per week) – including 10 minutes reading per night

Health

The NSW Department of Health reminds parents that it is important for every child to be fully immunised before starting school. The school fully supports this encouragement from the Department of Health and requires a full immunisation certificate upon enrolment. Basic First Aid is administered by school assistants when an injury occurs at school. In all cases where any injury is more than minor, we try to contact parents so further treatment can be arranged.
